Assignment - 2.

SW and LH method:-

When we ~~can~~ go for a trip? Next week we have holidays. So we can go for a trip in next week. Where we can stay? We should book a hotel near to the place where we are going to visit. What are the necessary things we need to carry? We need to carry cloths, gadgets and other things which you want. Who is going to have take the initiative to handle the group? How many of you are (coming) ready for the trip? How long we are going to stay.

Assignment - 3.

The magic pot:

A farmer lived in a village. One day when he was digging his field, he saw a pot. He took the pot and placed it under ~~the~~ a tree. Then he put his spade into the pot and started to have his lunch. After lunch, he went to take the spade. But he was shocked. There were hundred spades in the pot. Then he put a stone into the pot to check whether it is a magical pot. He found hundred stones in it. He took the pot to his home and kept it in a secret place. From that day he used that pot to satisfy his needs. But that farmer was very honest. He never used the pot for satisfying his greed. The neighbours noticed that the farmer getting rich day by day. They wanted to know the secret. One day the neighbour watched the farmer from the window outside the window. He saw that farmer got a litre milk from ~~one spoon~~ the pot by putting a spoon of milk. Now the neighbours understood the secret of his richness. Neighbour stole the pot from the farmer's house and took that magical pot to his home. He wanted to find out if there is anything inside the pot. He put his hand in the pot and found nothing inside the pot. But when he took out his hand, he has 100 hands to his body. Villagers were really scared to see his 100 hands and started to throw stones to him and drove him away.

Moral of the story

Don't be greedy. Be happy with what you have.
